Decision Subject: Issuance of Proposed Major Waste Tire Facility Permit for *Golden By-Products, Inc., Merced County*, TPID No. 1003314-01

Action By: **October 26, 2015**

Summary of Request: This is a request that the Branch Chief approve the issuance of a Major Waste Tire Facility Permit (WTFP) for Golden By-Products, Inc., TPID No. 1003314-01, located in Merced County. Staff's findings and recommendations are provided relative to the proposed action.

Staff received an application for a New Major WTFP on February 27, 2015. The application was accepted on March 15, 2015. Based upon the acceptance of the application, CalRecycle was originally required to act by September 11, 2015. Due to a delay in obtaining a new Certificate, to replace one that had expired in August 2015, the operator submitted a letter dated September 10, 2015, requesting an extension to the 180 day limit shown above. CalRecycle granted the extension on September 11, 2015, extending the permit processing time to October 26, 2015.

Recommendation: Based on staff's review of the submitted permit application package, staff recommends the Branch Chief issue the New Major WTFP. The applicant has met all the necessary application requirements outlined in Title 14, California Code of Regulations, Section 18431 pertaining to the issuance of a New Major WTFP. These findings are summarized in the table found in the attached Permitting & Assistance Branch Staff Report. The documents and analysis on which staff's findings are based are permanently maintained by the Waste Permitting, Compliance, and Mitigation Division. Details on the findings are presented in more detail in the attached Permitting & Assistance Branch Staff Report.

Branch Chief Action: On the basis of the information, analysis and findings in the Permitting & Assistance Branch Staff Report attached to this Request for Action and staff recommendation, I hereby issue the New Major WTFP for Golden By-Products, Inc., TPID No. 1003314-01.
